Flash and Callmax joint venture

On 1 March, Flash Services and Callmax agreed on a joint venture. Thanks to this joint venture, Flash can provide customers with both the pagers and the connection to the Callmax network. A big plus is that customers now have but one address to turn to for all services: hardware, network services, including the possibility for rent, lease, service and support...

Flash attending IVVP trade fair

From 22 June to 24 June 2010, Flash will participate in the IVVP trade fair in Gorinchem, the Netherlands. Across Europe, this is the most comprehensive and well attended event for the emergency services. During the trade fair, employees from the police, justice, defence and security services in the Netherlands and abroad have the opportunity to inform themselves of the latest developments, products and services in their field. Flash offers free tickets to its customers...
